

## PRODUCT DATA SHEET

Published: 2026-06-22

LAUDA Ultracool UC 65 W

Circulation chiller 400 V; 3/PE; 50 Hz

Part Number: L003539

### Features

- Highly efficient industrial chiller
- LCD remote control with 5 m cable
- Operation possible via web server
- Electronic 2-point temperature control
- Protection level IP 54 (for outdoor installation)
- Industrial block pump with high pressure and high flow rate
- Integrated water filter
- Integrated Ethernet interface
- Inlet and outlet water connections in stainless steel
- Operates with non flammable liquids (water, water/glycol)
- Meeting the energy efficiency requirements of the EcoDesign directive 2009/125/EC
- Condenser cooling Water

### Options included

- Reinforced pump in stainless steel
- Water cooled version (W)

Reserve technical changes

Working temperature min.  
-10 °C

Working temperature max.  
35 °C

### Technical Features

|                                          |                                                         |
|------------------------------------------|---------------------------------------------------------|
| Working temperature range                | -10 ... 35 °C                                           |
| Ambient temperature range                | -20 ... 50 °C                                           |
| Temperature stability                    | 0.5 ± K                                                 |
| Filling volume max.                      | 125 L                                                   |
| Pump Pressure max.                       | 7,2 bar                                                 |
| Pump Pressure nominal                    | 6.6 bar                                                 |
| Pump flow rate max. (pressure)           | 367 L/min                                               |
| Pump flow rate nominal                   | 196 L/min                                               |
| In / Outlet connection thread (inside)   | Rp 1 1/2                                                |
| Water cooling connection thread (inside) | Rp 1 1/2                                                |
| Overall dimensions (WxDxH)               | 1040 x 1435 x 1890 mm                                   |
| Weight                                   | 440 kg                                                  |
| Refrigerant stage 1                      | R-410A (GWP 2088); 6.000 kg; 12.5 t CO <sub>2</sub> -eq |
| SEPR                                     | 7.09                                                    |
| Power supply                             | 400 V; 3/PE; 50 Hz                                      |
| Power plug                               | ---                                                     |
